

COVID-19 Christmas Break Reporting

17th December 2020

Dear Parents and Carers,

May I take this opportunity on behalf of the Governors and myself to thank you all for following our procedures and guidelines for keeping our children safe and well during this crisis. As a result of everyone's diligence, we managed to keep our children safe with our whole school attendance at 98%.

As we reach the end of term please note that the arrangements for any onset of symptoms or positive tests up to and including 24th December will be as follows;

An email to headteacher@tittensor.staffs.sch.uk to notify of the positive result. Please add your telephone number and I will either call or email you to ascertain the details. I will then inform the relevant parents of close contacts with isolation details via Class Dojo.

Should your child or family member receive a positive result or be given notice to isolate after the 24th December there is no requirement to notify us until the children are due to return on the 5th January 2021, at this point please report the absence via email, telephone or via Class Dojo.

Please see the Governments current guidelines below for Christmas arrangements;

This Christmas, from the 23rd December to 27th December we will all be able to form a 'Christmas bubble'. This bubble allows you to join up to two other households during this period.

However, once you have decided which two households you want to spend time with you cannot change them. Your bubble remains the same throughout this period. For example, you cannot spend Christmas Eve with two households and then Christmas day with two different households.

If you have coronavirus symptoms then the rules do not change- you should still get tested and self-isolate. You should not be part of a Christmas bubble if you have symptoms.

Please keep safe and have a wonderful Christmas.

Miss. G. Craig
